Notice to File Corrected Application Papers

A Notice to File Corrected Application Papers was received in the present application. This Notice required that replacement drawings be filed in compliance with 37 CFR 1.84 and 37 CFR 1.121. Applicants respectfully submit that Formal Drawings were filed on July 12, 2004, which are in compliance with 37 CFR 1.84 and 37 CFR 1.121.

Further, the Notice asserts that Figure 4 appears to have been omitted from the present application, presumably because paragraph [0023] in the present application refers to Fig. 4. Applicants respectfully submit that paragraph [0023] was inadvertently included in the present application, as filed. Applicants further respectfully submit that the present application does not include a Figure 4. Applicants have amended the specification above by deleting paragraph [0023], thereby removing any reference in the present application to the abovementioned Figure 4. Accordingly, it is respectfully submitted that no items have been omitted from the present application.

Conclusion

Accordingly, Applicants respectfully submit that the matters raised in the Notice to File Corrected Application Papers have been properly addressed.

Respectfully submitted,

HONEYWELL INTERNATIONAL, INC.
